W.O. No. 77-13 dy 24-2-14

Forwarded with Compliments to the Chief Engineer in favour of information being furnished as to whether the portion referred to in the Dy Commr's letter is in the occupation of the W.S. Dept & whether there is any objection to the land being granted to the Pharmaceutical works. The favour of a very early reply is requested,

20/2/14 CS Balasundaram Ayyar 21/2/14

In Offl No. 46 P. WD dy the 24th February 1914

The Executive Engineer, Water Supply and Stores Division, reports that a portion of the land referred to is in his charge and is generally used for collecting sand and other road materials. The rest is in charge of the Executive Engineer, - - Bangalore Division. The whole plot lies in the - - catchment of the Sankey's Tank. It does not seem advisable to hand over this bit of land to the Pharmaceutical Works as it is probable that it may be required by the Water Works in the future.

2 The Government Bacteriologist may be consulted as to whether it is advisable to locate Chemical Works close to the filter beds of a town water supply. Apart from this, the Works will be situated within the catchment of the Sankey's - -

reservoir and all the refuge is likely to flow in the reservoir, the water of which is used for the Palace kitchen gardens.

M. Visvesvaraya

Offg. Chief Engineer of Mysore.

Bangalore,

5th March 1914.

V 2/3 pm

The file was given back to me by the Secretary to Government, Economic Conference, Education and Agriculture, for reconsideration. I have carefully considered the question. The site selected by Mr.Pell for his chemical work abuts on one side on the 18th Cross road of the proposed northern expansion of the Malleswaram Extension and on the other on to the Jewell Filter works.

In my opinion, the plot of ground at Yesvanthapur village at the junction of Tumkur and Subedar Chattram roads, as shown in the enclosed tracing, is eminently suited. The old site selected by Mr.Pell will be needed for further extensions of Malleswaram.

M. Visvesvaraya

3. Before granting the site recommended, it is necessary to make sure that the refuse water and liquid wastes from the chemical factory are not likely to pollute the stream. There should be no objection to granting the site if the Company undertake not to allow any liquid refuse to flow beyond their premises.

4. Will not land be required in this neighbourhood for future extensions of water supply ? If so, the limits of the land so required, may be marked in the plan. If any land in this locality is given to the Company, it should be made a condition that the grantee will not be allowed to utilize it for any purposes not connected with the factory and that it will on no account be allowed to be sold for building sites at any time.

5. The question may be easily settled by personal consultation between the President of the Municipal Council, the Municipal Councillors of Malleswaram, the Chief Engineer, the Deputy Commissioner and the Secretary. The meeting may be convened by the Secretary himself, who will kindly arrange to have the whole matter thoroughly examined in all its aspects and submit a brief report or note, signed by these gentlemen, embodying the conditions of grant (if they recommend the concession) as early as possible.

The
Private Secretary
of the Dewan of Mysore

Dear Sir!

As requested in our interview of yesterday, I have the honour to forward herewith for favour of your handing the same to the Dewan, application for the plot of ground shown on the accompanying rough plan for the Mysore Chemical Industries Ltd.

I duly saw the Deputy Commissioner, also Mr. Chatterton and the architect (Mr. Skipp), the former, after consultation with the Author, said the ground was Government property, and available, & the other gentlemen thought it would be very suitable. I pointed out to them, that as the business was quite

Sassoon House,
7, Elphinstone Circle,
Bombay. 2

unobjectionable. There could be no question raised in that respect, but that the water used for washing bottles, and for the steam pan &c, could easily be drained into a septic tank, on the side towards the railway lines, keeping the plot quite dry. Being near the Technical Institute would be an advantage, and it is also midway between the various stations. The neighbouring Mallesvaram extension would be useful for dwellings for workmen.

I am naturally most anxious to get these matters settled before I return, and as I know how busy the Diwan is particularly at the present time, I desire not to enhance his labours

Sassoon House,
7, Elphinstone Circle,
Bombay. 3

with further details. A line from him stating that Government would grant the use of the land would enable me to go ahead with my plans, and have the buildings put up during my absence. A word to me at the above address would be much appreciated, and if favorable I would not again approach the Dewan, but would with his permission pay my respects to him on some future occasion —

I have the honor to be
Your most obedient servant

J. Bell

Dated Bangalore, 26th November 1913.

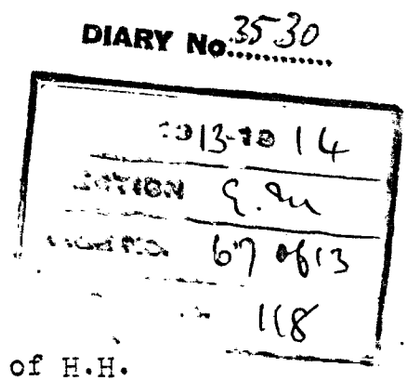
No.----

From

K.Chandy Esq.,B.A.,

Deputy Commissioner,

Bangalore District.



To

K.R.Sreenivasa Iyengar Esq.,M.A.,

Secretary to the Government of H.H.

the Maharaja of Mysore, Genl. and Rev.Deptts.

Sir,

With reference to your letter No.G.3347/G.M.67-13-104 dated 6th November 1913 forwarding the application of Mr. A.Bell for the grant of site near the Indian Institute of Science for the Mysore Chemical Industries Ltd., I have the the honor to state that the Amildar of Bangalore reports that the plot of ground shown in the sketch received is -- Government waste, being survey No.1 of the water-works village. The two waste land numbers which constitute this village appear to have been originally agricultural lands acquired about the year 1870 for the catchment area of the Sankey's reservoir at a compensation ranging from Rs.10/- to Rs.100/- per acre.

2. The value of the lands in that quarter has considerably risen now. The lowest rate at which lands were acquired for the Malleswaram Extension is Rs.150/- per acre. Considering this as also the fact that the land in question is situated within the Municipal limits, Rs.150/- per acre may be considered a fair valuation.

3. Since the land in question is not at present an agricultural land there is no provision in the Land Revenue Rules for imposing any fine for using the same for building purposes.

4. As the extent and position of the land required by Mr.A. Bell, is neither mentioned in the application submitted by the gentleman, nor shown in the sketch enclosed therein, correct

Secretary to the Government of Mysore
General and Revenue Departments.
Bangalore.

Sir,

With reference to your letter no. G. 4390 | Gm 67-13 dated 11-12-1913, regarding the site applied for by Mr A. Pell for the Mysore Chemical Industries and in continuation of this office letter no. D. 469 dated 27-11-1913, I have the honor to state that the Amildar of Bangalore reports that the portion marked by Mr Pell on the rough sketch furnished by him measures in all 28 acres 7 guntas. Out of this a small portion measuring 5 acres 4 guntas is surrounded by trenches cut by the Water Works Department. It is not known whether this portion is occupied by that Department or not. Omitting this, the remaining portion measures only 23 acres 3 guntas which is less than the approximate measurement of 1200' x 1200' Sq feet mentioned by Mr Pell.

The estimated value of the land was already reported

Dear Sir -

I should be extremely obliged if you would let me have the Govt. resolution about the land applied for in Bangalore for the "Mysore Pharmaceuticals Ltd". I am very shortly proceeding to England to purchase machinery and crude materials, and am anxious one of the buildings should be erected in order to be ready for me to commence work on my return -

My supporters on this side are also anxious to receive confirmation on this point & I trust you will send me the requisite information early.

S - Venkataramaiyengar Esq

(Rhe Kindly returned to
CS Balasundaramiyer)

April

On the 28th ~~May~~ 1914 a meeting of the officers and Municipal Councillors concerned was arranged to inspect the land selected by Mr. Pell for Pharmaceutical Chemical Works.

The following gentlemen met near the Sankey's Reservoir.

1. Mr. K.P. Puttanna Chetty, President, City Municipality.
2. " T.V. Armugam Mudaliar, Senior Surgeon and Sany. Commr.
3. " K. Krishna Iyengar, Offg. Chief Engineer.
4. " K. Chandy, Deputy Commissioner.
5. " C.S. Balasundaram Iyer, Secretary to Government.
6. " J. Bhore, Sanitary Engineer.
7. " D. Venkataramayya, Municipal Councillor.
8. " S. Venkatarangiengar do
9. " R. Subba Rao, Health Officer.
10. " Ramachendra Rao, Municipal Engineer.
11. " Syed Yakub, Amildar.

The site selected by Mr. Pell was inspected. The general opinion was against granting the site for a factory. It was also considered that any other site to the east of Sankey's Reservoir would be open to similar objections.

It was thought best to select a site near the Yesvantpur Railway station. which is one of the localities indicated in Mr Pell's telegram.

Three sites were examined, one to the west of the Railway line immediately beyond the level crossing and two to the east of the Railway line lying between the Railway line and the - - Bangalore Yesvantpur road.

These sites are marked B,C and D in the sketch map since furnished by the Amildar.

It was unanimously agreed that any of these three sites could be acquired and given for the factory. It was understood

that the bulk of site B belonged to Government and that the enjoyers had only limited rights to fruit trees growing on the land and that its selection would cause the least inconvenience.

The area of the sites is reported to be as follows:-

B - 19 acres

C - 18 ac.- 9 guntas

D - 25 ac. - 21 guntas

estimated cost of acquiring the Same as per Mahajar of the Panchayatdar and report of the Amildar of Bangalore Talug.

2. The Amildar reports that re Survey number 31 measuring 6 acres 31 guntas assessed at ~~Rs~~ 9/- is Government Waste, marked in the original Survey and resurvey records as Suvappa's Charity Tope, that the Same is at present in the enjoy-ment of the late Suvappa's heir, Krishnappa, and that he has issued notice to the party to determine what claim this Said Krishnappa has to the Tope.

3. Resurvey 36 is the bed of the breached tank, known as Isuff's Tank. This is reported to have been given for temporary Cultivation in the year Virodhi, retaining the three mango trees in it to Government as per report of Sheikdar. Compensation will have, therefore to be paid, only for the trees which might have grown on the land Subsequent to

their

their obtaining the lands for temporary cultivation.

4. It is further reported that there are here and there Sandal wood plants in the thorny bushes of the hedges which cannot be ascertained and provided out as the estimate had to be prepared in a hurry.

5. No estimate is given for the tomb and Stone steps in Survey no: 39; as also for one Mango tree and Gruniswara's temple in Survey no: 41, as the same is being worshipped by the villagers and will have to be reserved for that purpose, if the lands are to be acquired.

6. The Stone built well in Survey no: 52/2 by the Side of the Village Road is being used by the villagers for drinking water purposes. The cost of it is, therefore, not included in the Statement.

I have the honor to be
Sir
Your most obedient Servant
for Asst. Deputy Commissioner

Dear Sir.

Our Engineer, Mr Hormusjee Ardeshir. L.C.E. has reported to us that the site marked "B" on the map supplied us for selecting a site for ,The Mysore Pharmaceutical Works is unsuitable,and we have to day telegraphed him to ask the Lands Dept° of your Government to kindly cancel our request that this site should be made over to us,and we now ask that in lieu of site "B" the portions marked with survey numbers 61 62 65 Site "D" may be acquired for us.

We regret having to inconvenience you in the matter,but when the importance of the site is considered we feel sure you will pardon us for changing our application.

Trusting you will kindly cause this letter to be notified to the department concerned.

We are. dear Sir.
Yours respectfully.

Recd from Govt on 25/8/14

SIR,

I have the honor to forward herewith letter No. R.C.145 dated 3rd August 1914 together with its enclosures, to your address, from the Deputy Commissioner Bangalore District, submitting for publication in the Mysore Gazette a declaration statement (both in English and Kanada) for the acquisition of Re-survey Nos.45,61 and 62 in the Yesvanthapura Village, Bangalore Taluk required by the promoters of the Mysore Pharmaceutical works for locating their factory.

2. The lands in question, along with certain others, were on payment of compensation to the khatedars, acquired for the Halegal Water Supply Project (vide Page 54 Part I of the Mysore Gazette dated 25th January 1894). The Project was subsequently abandoned and the lands which were being given out for temporary cultivation till 1910-11 were put up to sale in that year and the sales were approved by Government in their Proceedings No. R.1271/L.R.142-10-7 dated 22nd August 1911. The purchasers of the lands do not appear to have paid anything in addition to what was deposited by them at the time of the sales or to have obtained pattas therefor. It may be added that the lands on which the Pharmacentical Works propose to build their factory is within half a mile from the Yesvanthapur Railway Station.

I have the honor to be,
Sir,
Your most obedient servant,

Revenue Commissioner.

Sir

With reference to your letter of the 24th June 1914 about a site for the Factory of the Mysore ~~Pharmaceuticals~~ Pharmaceuticals Ltd, I am directed to forward herewith a copy of G.O. No. 1142-8/G. Rs 67-13 dated 9th Sept. 1914 sanctioning the acquisition of the lands in question over.

SUBJECT.

The lands are estimated to cost Rs 1964/- but the actual amount to be paid can only be decided after the acquisition proceedings are completed. In the meantime ~~that~~ I am to request that the amount of the estimate may be paid into the Bank of Mysore to the credit of the Govt to that it may be utilised to pay the parties whose lands are acquired.

On hearing from the Dy. Comr of the Bangalore District about the completion of the acquisition proceedings I shall intimate to you what further sum will have to be paid by you for the lands.

Signed by Asst. A. & R.

Sir,

With reference to your letter of the 26th Jan last stating that you have asked for the Cancellation of your original application for the sites near the Yesvantapur Rly Station, required for the factory of the Mysore Pharmaceuticals Ltd, I am directed to point over.

SUBJECT.

out that in your letter
of the 30th Nov[r] 1914 you simply
asked for the grant of a
~~the~~ plot of ground opposite
to His Highness the Maharaja's
mills and stated that
"should the Company later
on make oils, chemicals &c
these would be made on
one of the plots at Yesvantapur,
which we have arranged to
purchase as this would answer
for such work". There
was thus nothing ~~else~~ in that letter
except this indirect statt
to indicate that you
wanted your original applⁿ
to be cancelled

I am therefore to
request to be informed definitely whether you require
which of the two plots of
ground at Yesvantapur
is required by you & which
of them may be restored to
the occupant.

any plots of ground at Yesvantpur & the acquired by
~~Copied by~~
~~Examined by~~ and whether the acq[n] proceedings may be cancelled.

I have &c

Sir,

With reference to your letter No.1355 dated 19th November 1914 and subsequent reminders calling for certain information re - the acquisition of lands required for the Factory of the Mysore Pharmaceuticals Ltd., I have the honor to state that Mr. A.Pell, who ~~was~~ is one of the directors of the above Company, having intimated to my Personal Assistant in his letter dated 20th January 1915, that only Survey No.45 was required for the purpose, he was asked to intimate to me whether the company would be willing to pay about Rs.715/- towards the cost of acquisition of the said land. In reply he says in his letter dated the 4th instant that the matter of acquiring this land may be held in abeyance until the company gets well going with their other building etc. Hence this matter has been kept in abeyance.

I have the honor to be,

Sir,

Your most obedient servant.

K.Chandy

Sir,

Replying to your No. 3015/376 of the 20th ult. I have the honour to state that with regard to the plot of ground near Yesvantpur Railway station, I shall be grateful if you will allow this matter to remain in abeyance for the present, and I will again approach you when we are ready to take up the plot referred to. I am working hard to get the factory near the Mills completed and when this is in working order, we will take up the other ground, which I have marked on my letter to the Deputy Commissioner. Thanking you in anticipation

I have the honour to be,

Sir,

Your most obedient servant,

A. Hall
